RESOLUTION 19FAC-06-06, AUTHORIZING THE SELECTION AND AWARD OF A CONTRACT FOR EAST MEADOWS I HALF BATH MODIFICATIONS AND RELOCATION OF AFFECTED RESIDENTS; AUTHORIZING THE PRESIDENT AND CEO, AND HIS DESIGNATED STAFF TO FURTHER CLARIFY AND ENHANCE THE CONTRACTOR’S PROPOSALS; NEGOTIATE A CONSTRUCTION CONTRACT WITH SELECTED CONTRACTOR; EXECUTE A CONTRACT IN AN AMOUNT NOT TO EXCEED $1,500,000.00 IN MOVING-TO-WORK FUNDS AND/OR CHOICE NEIGHBORHOOD INITIATIVE FUNDS; AND ENSURE THE PERFORMANCE OF ALL MATTERS IN CONNECTION THEREWITH

REQUESTED ACTION:
Consideration and approval regarding Resolution 19FAC-06-06, authorizing the selection and award of a contract for East Meadows I half bath modifications and relocation of affected residents; authorizing the President and CEO, and his designated staff to further clarify and enhance the contractor’s proposals; negotiate a construction contract with selected contractor; execute a contract in an amount not to exceed $1,500,000.00 in Moving-To-Work Funds and/or Choice Neighborhood Initiative Funds; and ensure the performance of all matters in connection therewith

FINANCIAL IMPACT:
The San Antonio Housing Authority (SAHA) will utilize Moving-To-Work (MTW) Funds in an amount not to exceed $1,500,000.00 for the construction and relocation of affected resident costs associated with this project. SAHA has also requested the use of approximately $200,000.00 in Choice Neighborhood grant funds that must be spent by September 30, 2019, to supplement some of the $1,500,000.00 cost; however, approval is currently pending.

SUMMARY:
When East Meadows was originally designed, all townhome units had a half bath on the ground floor. During construction in 2015, SAHA became aware that the half baths on the bottom floor of the townhomes had been removed and a second full bath was added to the upstairs units.

Project Developer and Housing Lead, McCormack, Baron and Salazar (MBS) explained to SAHA that the removal of a half bath was due to new regulations imposed by the Texas Department of Housing and Community Affairs (TDHCA) in the 2014 Multi-Family Rules. TDHCA added the number of bathrooms to the definition of unit type/comparable unit, whereas previously, it was just the number of bedrooms. The change meant that in order for the townhomes to be considered comparable to the flats, the project had to remove the half bath on the ground floor.

or seek a waiver.

MBS and the tax credit consultant had a number of urgent phone calls with TDHCA regarding this issue. TDHCA was very insistent that either the half bath be removed to comply or add a bedroom on the first floor of all the townhomes and then make 20% of those townhomes accessible as well. All of this was discovered post award and the changes were due right around commitment or carryover in the Fall of 2014.

Rather than seek a waiver of the regulations and risk the tax credit award through an unfavorable TDHCA decision, MBS chose to have the architect design the units to be in compliance with the current regulations. MBS determined that the most prudent approach to resolving this issue was to adhere to the regulations and design the units accordingly.

When this was brought to TDHCA’s attention by SAHA, they admitted that they were not aware that this was an unknown consequence to a new rule. TDHCA revised their multi-family rules soon after requiring that all townhome units have a half bath on the first floor.

Since discovery, it has been SAHA’s intent to retrofit all fifty-eight townhome units in order to provide residents and their visitors with a half bath on the first floor. Now that East Meadows has successfully converted to permanent lending, the development team is ready to start work on the half baths. The plan to relocate the residents is pending the selection of a general contractor. Upon selection of a general contractor, SAHA will work with the company to determine the duration of time the residents will need to be away from their units.

On April 18, 2019, MBS issued a Request for Proposal (RFP) from interested contractors to bid on the construction of interior modifications consisting of the addition of ground floor half baths to selected townhouse apartments. The selection includes a two step process; bidders were required to submit a cost proposal to construct the improvements, followed by interviews with the qualified respondents. The RFP provided a detailed description of the work, along with a set of design drawings and an expectation of 120 calendar days to complete all of the work once a notice to proceed was issued to the contractor. The design team consists of Durand-Hollis Rupe Architects, Inc., as the architect of record for the proposed improvements, Lundy & Franke Engineering for structural design, and H2MG for Mechanical Electrical Plumbing design.

The bid responses were due May 9, 2019, and interviews were scheduled for May 24, 2019. MBS will meet with SAHA on May 31, 2019, to discuss the recommended contractor, project budget and construction schedule. A construction contract will be entered into between the San Antonio Housing Facility Corporation and the selected contractor during the week of June 10, 2019, and the contractor will immediately be issued a notice to proceed to begin work during the week of June 17, 2019. Based on the 120 calendar days schedule, the project completion will occur no later than September 20, 2019.
